

# RESPECT THE RIDE

---

## PLEDGE TO WATCH OUT FOR MOTORCYCLISTS WHEN DRIVING

I hereby pledge to be a vigilant and responsible driver, taking a proactive role in ensuring the safety of motorcyclists on the road. I recognize the vulnerability of motorcyclists and the importance of sharing the road harmoniously. Therefore, I pledge to:

### 1. Stay Attentive

I will remain fully focused on the road, refraining from distractions such as texting, talking on the phone, or engaging in any activities that may divert my attention from driving.

### 2. Check Blind Spots

I will consistently check my blind spots before changing lanes or making any maneuvers, understanding that motorcyclists can easily be overlooked due to their smaller size.

### 3. Maintain Safe Following Distance

I will maintain a safe following distance behind motorcyclists, giving them ample space to maneuver and react to any sudden changes in traffic conditions.

### 4. Use Turn Signals

I will always use my turn signals well in advance, allowing motorcyclists to anticipate my movements and respond accordingly.

### 5. Look Twice at Intersections

I will take an extra moment to look twice before making a turn at intersections, ensuring there are no motorcyclists in my path.

### 6. Respect Motorcyclists' Rights

I will treat motorcyclists with the same respect and courtesy that I extend to all other road users, acknowledging their right to share the road safely.

### 7. Stay Patient

I will exercise patience and understanding, recognizing that motorcyclists might need additional time to navigate through traffic or overcome road challenges.

### 8. Educate Others

I will promote awareness among family, friends, and peers about the importance of watching out for motorcyclists and adhering to safe driving practices.

By making this pledge, I am committing to creating a safer road environment for everyone, especially for those who choose to ride motorcycles. I believe that through responsible driving and heightened awareness, we can prevent accidents and save lives.

Let's make the road safer together! **See Us. Save Us.**
